About this home

Elegant details and large gathering spaces make the Alpine a great home for family and friends. Archways lead from the foyer, past the nice-sized Dining Room, Study, and staircase, and on to the expansive Family/Morning room at the back of the home. This beautiful room features a vaulted ceiling and two fireplaces. The abundance of windows creates an open, airy feel, full of natural light. The open kitchen includes a built-in bar and overlooks this space, which is a fabulous area for gatherings. A convenient Butler's Pantry connects the Dining Room to the Kitchen with cabinets and a wine fridge. The Morning Room looks out to the large covered porch which overlooks trees. The first floor features an Owner's Suite with two walk-in closets, two vanities, soaking tub, and shower. Off the garage entry is a generous sized Hobby/Laundry Room. Upstairs, two bedrooms share a Jack and Jill Bath, and there is another secondary Bedroom with adjoining full Bath. The Teen Room overlooks the Morning Room and includes a built-in workstation with desks. Nice sized Bonus Room includes an extension for lots of room to relax and play.
